Daron,

Thank you for the time this morning. Per our conversation, the trial is scheduled for January 30 for 3 days. A ruling will be issued shortly after.

If we win, we will move quickly to Herriman and request and development agreement which would allow to begin construction on the subdivision.

If we lose, we will quickly move to reclaim the land per your specs.

We appreciate your willingness to work with us during the process.

Regards,
Tom Gyuro
